

Year 2

Curriculum and General Information

Miss O'Connor

Miss Impett

Mr Tabor

RWI

-
- Children on RWI will continue to be assessed regularly in reading so that we can deliver the most accurate and precise teaching that will support their progression.
 - Children will bring home one RWI book per week as well as a book bag book – both are changed by their RWI teacher.
 - They will know all of the sounds in their RWI book as they have already read it in their RWI lessons.
 - This means they will be able to read the text with growing fluency and confidence – like a storyteller.
 - This doesn't mean the text is too easy for them – it means they are reading at the correct level.

Guided Reading

- When children have finished RWI, they will move onto guided reading.
- Children will be assessed throughout the year to ensure they are reading books which are at their level.
- Guided reading lessons will also focus on learning about different reading domains: inference, prediction, retrieval, vocabulary and sequencing.

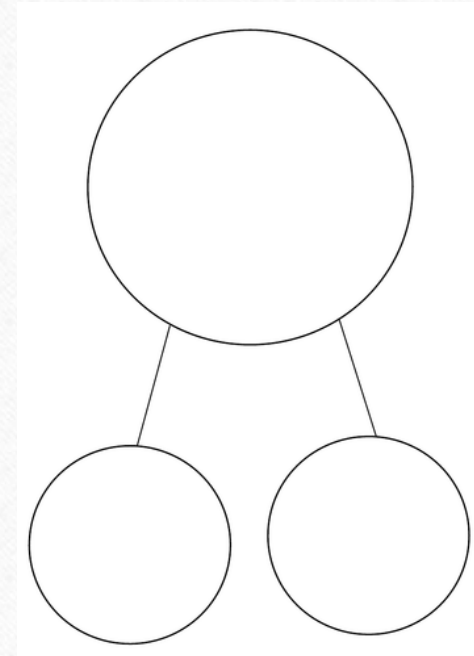

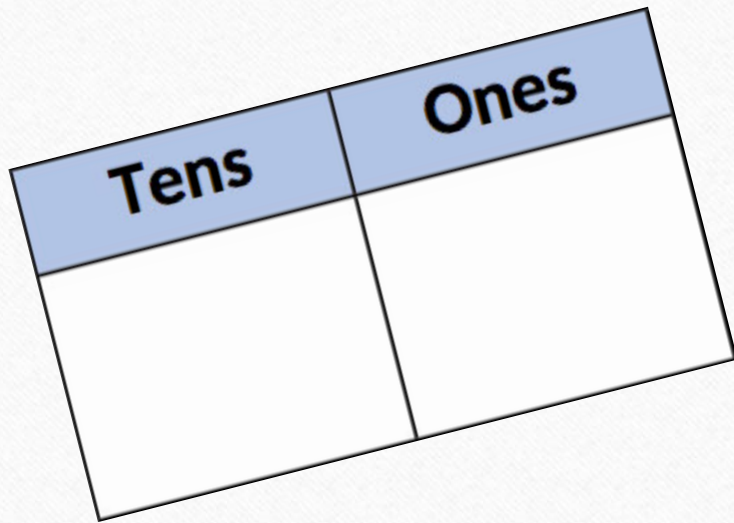

Maths

- Children will continue to be taught Maths through 'Power Maths'.
- It will build upon what they have already learnt and move onto:
 - Add and subtract up to 100, including identifying number bonds of 100.
 - Multiply and divide in multiples of 2, 5, 10 and 3.
 - Learn to recognise and apply simple fractions $\frac{1}{2}$, $\frac{1}{4}$, $\frac{2}{4}$, $\frac{3}{4}$, $\frac{2}{3}$.
 - Begin to learn about statistics including creating tally charts, pictograms, block diagrams and tables.

Maths - Manipulatives

- We will continue to use the many manipulatives and representations children have been taught to use and learn to use new ones.

Maths – How You Can Help

- Talk about Maths in real life context e.g.
 - counting in 2s whilst pairing up socks, what are 3 groups of 2 (3×2)?
 - recognising coins being used to pay for items
 - talking about what an amount is made up of e.g. how many tens and ones in 87 (a door number)
- Complete Numbots learning weekly
- Keep it simple and fun!

Homework

Each week we will set a maths and spelling task online.

Maths – Numbots

Spelling – Spelling Shed

Logins will be sent out in due course and the children will learn how to login but may benefit from some guidance from yourselves. Login instructions will be sent home too.

Don't forget about trying to read regularly too – it will really help with their fluency and recognition of special friends.

Curriculum Topics

History:

- Significant individuals
- Space Explorers (Apollo 11)

Geography:

- Climate and weather
- Local fieldwork

Curriculum Topics

Art:

- Life in colour collages
- Map it out

DT:

- Ferris Wheels
- Baby Bear's Chair
- Pouches

Curriculum Topics

RE:

- Humanism
- Islam
- Christianity

Music:

- Ocarina
- Call and response
- Contrasting dynamics
- Pitch

RSE and Drugs Education

We will cover these topics within our PSHE lessons later in the year (Summer terms). Information regarding content will be shared closer to the time.

You have the right to ask for your child to be removed from these lessons.

Online Safety

- Safeguarding children in the digital world, educating children about the risks as well as the benefits, being educated ourselves on how to help, building children's resilience – not just banning access.
- What are the risks online? The 4 C's
- Content - ***'Content' refers to the material online that poses a risk to children and young people.***
- Contact - ***'Contact' refers to the people online who pose a risk to children and young people.***
- Conduct - ***'Conduct' refers to the risk/harm children experience through their own and others' behaviour online.***
- Commerce - ***'Commerce' refers to the financial risk/harm children experience online***

Online Safety

- Our class will create its own class charter for online safety using 'Natterhub'.
- School are expected to follow up any online safety issues reported to them, even if this occurs when pupils are at home. An example of this would be cyberbullying - child on child issues when using the internet/gaming.

We are a Nurturing School

1	Children's learning is understood developmentally	We are all individuals. That means not everyone learns at the same rate or time. We respond to our children at the stage where they are and focus on the whole child when planning our curriculum.
2	The classroom offers a safe base	School should be a calm, safe environment for everyone. We provide inviting and nurturing classrooms which promote warmth and emotional safety as well as physical safety. Other spaces in school provide quiet areas for reflection and calm.
3	Nurture is essential for the development of wellbeing	Looking after ourselves and other people makes us feel good in mind and body. We invest in strong and trusting relationships, based upon the school's values. Everyone feels valued and listened to.
4	Language is a vital means of communication	Language is valued as a way of putting feelings into words. All staff understand that the language we use when communicating with our children, families and colleagues can shape their thinking, feeling and actions. We help everyone to communicate their feelings appropriately within a nurturing environment.
5	All behaviour is communication	We know that many of our children have not yet developed the language to tell us how they are feeling and often this is expressed through <u>their</u> behaviours. All staff are trained to look beyond the behaviour to see what the child is trying to tell us and to help them to find ways to label and manage these emotions differently.
6	Transitions are important	Change happens all the time. It can be exciting but it can also be scary. We recognise the importance of how day to day transitions are managed, as well as careful preparation for more significant challenges and events. Transitions can be difficult for many people because it involves change, and even small transitions can cause anxiety. Clear routines and structures support children daily in school to reduce anxiety and promote security.

Help Wanted!

In Beech class, we would be super pleased to have any parents, carers or family members who can give up a small amount of time (a morning or afternoon) to hear our children read.

We will also have a variety of trips across the year, including;

- Reculver
- Rochester Cathedral
- Ospringe Church
- Others tbc

If you are available to support us on trips, that would be marvellous. Trips are an essential learning experience for all children.
